Welcome to the 2017 edition of Tenants Today, the newsletter for tenants and housing applicants of Midlothian Council.

This edition includes:
- An invite to our annual Tenants Day
- Information on how we are performing
- The Incentive to Move Scheme
- Homeswapper
- An update on new housing development
- Fire safety information
- Midlothian Tenant Panel
- Useful contacts

Come to Midlothian Tenants Day!

All Council tenants are invited to our annual Tenants Day, being held at Dalkeith Arts Centre on Friday 8th September 2017 from 1pm – 3.30pm.

Why not come along and find out more about the Housing Service and give us your views. There are also prizes to be won on the day, a crèche for the kids and a buffet lunch.

This event is only for Midlothian Council tenants. Numbers are limited at this event and we need you to reserve a place in advance to be sure of entry. Please contact our Tenant Participation Officer on 0131 271 3611 to book a place or find out more.

What is a Local Lettings Initiative?

All of Midlothian Council’s new build developments are let in accordance with a specific Local Lettings Initiative for that specific development. Local Lettings Initiatives still need to take into account Housing Applicants points to ensure that new homes are being allocated to households at the top of the list. However, sometimes we have limited allocations to only people who are resident in the town or village where the new development is being built or prioritised people who are overcrowded. We consult with the Midlothian Tenant Panel before publishing a Local Letting Initiative and are happy to consider feedback from tenants and housing applicants about Local Letting Initiatives for future developments. You can also find copies of previous Local Letting Initiatives online at www.midlothian.gov.uk or contact the Housing Service if you want to request a paper copy.

Communicating Clearly: We are happy to translate on request and provide information and publications in other formats, including Braille, tape or large print.
New Affordable Housing Developments in Midlothian

Since 2006 Midlothian Council has built over 1,000 new homes across the county. However, the need for new housing continues to increase, with around 4,800 applicants on the Housing List. To help address this need Midlothian Council, in partnership with other housing developers, are planning to develop at least 1,441 new affordable homes during the next 5 years to help meet housing need.

In 2017 we have completed 3 developments:
- Polton Street, Bonnyrigg
- Robert Franks Gardens and Robert Franks Avenue, Gorebridge
- Teviot Grove, Penicuik

Teviot Grove (pictured) is an innovative housing development for people with a range of complex care needs. The development represents a redesign of services for people with a learning disability in Midlothian that allows them to live independently in their own communities.

The new scheme in Penicuik is in the heart of the town close to all local amenities. It consists of twelve single storey properties built around a courtyard with a bedroom, lounge, kitchen, bathroom and a patio area. The properties are all wheelchair accessible and were designed using the most up to date research and best practice in building design. In addition, this development of council houses was built with the Scottish Government contributing funding of £552,000 towards the construction costs.

The tenants are a diverse group of people who will benefit from individually tailored support to set up home and become involved in what’s going on locally. The Richmond Fellowship, a charity which supports people with a broad range of needs to live as independently as possible in their own homes, has been appointed to provide support to all tenants living in the development. They will provide support in a number of areas including personal finance, education and skills development.

Cllr Stephen Curran, Cabinet Member for Customer and Housing Services said: “These new homes have been built to fill the need for housing options for people with complex needs who would find it more difficult to live in more mainstream accommodation. They will provide the best environment to support people whilst ensuring they can live in their own tenancy with dignity and privacy.”

More new developments due for completion are shown in the table below.

Homeswapper is an easy to use website which automatically matches you with tenants who are interested in your home and have a home that you may be interested in.

Midlothian Council tenants are able to use this service for FREE to help you find a new home. There are almost 500 Midlothian Council tenants signed up to homeswapper so take a look! All you need to do is register at www.homeswapper.co.uk then once your registration has been approved by us you will be able to find a potential mutual exchange. You can also search using the homeswapper smartphone app. If you do not have internet access why not pop into your local library where you can use the internet for free?

Downsize and get £1,500!

Are you in a council property that is larger than you need? Did you know that Midlothian Council provides an Incentive to Move grant if a council tenant moves to a home that is at least two bedroom sizes smaller? For example if you live in a three bedroom council house and move to a 1 bedroom flat or house Midlothian Council will pay you £1500. This applies both to council tenants who are on the Housing List and also for tenants who find a mutual exchange through homeswapper.

Do you have an opinion on housing but don’t have the time to attend meetings...The Midlothian Tenant Panel might be just for you!

The panel is made up of Midlothian Council tenants who want to help us improve our service without leaving the comfort of their own homes.

Sheila lives in Newtownrange, is a member of the panel and gave us her thoughts on why it works for her...

Sheila:

“Please do, we need more members. You have an opportunity to speak to council officials that you wouldn’t always have. I think the Tenant’s Panel is great; I like to know what’s going on. I just love it, I think it’s fantastic.”

If you would like more information on joining the Midlothian Tenant Panel or want to join or set up a local tenant…

Scottish Social Housing Charter – How Midlothian Council is Performing 2016/17

Every year Midlothian Council publishes performance information in relation to the Housing Services that we provide. We also compare this to other landlords to help tenants and other service users understand how we compare. We also tell you about how we feel about our performance and what we are focusing on for improvement.

How we compare our performance to other landlords

To ensure a realistic comparison between Councils the Scottish Housing Regulator has developed a ‘peer group’ system which groups councils of similar size together for ease of comparison. This is because comparing larger and smaller councils may be less useful although we do report the average results for all Councils too.

A note about cladding on our council low rise buildings

In our low rise properties with cladding, we are not carrying out invasive inspections. We do not have high rise affordable homes.

Further information about cladding materials

We use Wetherby’s EpsiTherm (EPS) for the low rise cladding and, in common with all organic materials, EPS is combustible.

If installed correctly, it will not be an undue fire hazard

Provided it is specified and installed correctly, in accordance with the manufacturer’s instructions and BS 6203 guidance, it will not present any undue fire hazard.

We have followed recommended practice

The standard recommends that for all applications, the material should be protected by either a laminated facing layer, or fully enclosed by the form of construction, which is the case with our system.

Money Matters

During the financial year 2015/16 you paid £21.7 Million in rent payments for council housing and lock up garages. The pie chart shows that just over half the income is used on managing and maintaining the stock. Spend on loan charges account for 40p in every pound collected. These charges are used to fund the development of new council housing and major investment plans such as rehousing properties.

On average, Midlothian Council tenants pay lower rent than the Scottish average for councils. In 2015 tenants and applicants voted on future rent plans. A 5% increase for the three years was agreed. This is higher than other councils with the average rent increase being 2% in Scotland.

Midlothian Council will be consulting on future rent charges in 2018 so look out for information about this next year.

How every pound was spent

- Repairs and maintenance
- Administration and management
- Loan charges
- Other expenses

How we show Midlothian Council’s performance

有时候，我们可能会把我们的表现与仁爱市的表现进行比较，我们将对表现良好的城市进行绿色笑脸图标，对表现中等的进行黄色笑脸图标，对表现不佳的进行红色不满笑脸图标。我们还告诉你我们对自己的表现怎么看，以及我们正在关注的改进领域。

### Key Points

- Our rents are cheaper than many other landlords but we are increasing our rent charges to help pay for investment in new and existing housing.
- There has been an overall increase in tenant satisfaction with the Housing Service which are provided by Midlothian Council – this has been recorded following a tenant satisfaction survey of 10% of Midlothian Council tenants.
- 14 smiley faces and 13 unhappy faces show that there are many areas where the Housing Service performs well in comparison to our peers – notably in areas such as housing quality and tenancy sustainment. In most areas where we are not performing as well as our peers we are not far away from the average. The Council’s performance has improved or stayed at similar levels for 16 indicators while only 6 indicators have seen a decline in performance.

If you want to find out more about our performance, you can get detailed information from the Scottish Housing Regulator’s website: [www.scottishhousingregulator.gov.uk](http://www.scottishhousingregulator.gov.uk). We would also be happy to talk to you if there are specific things you want to know about our performance. We are able to discuss performance information in more detail at tenants groups or you could join our tenant panel if you want to help identify ways we can improve. You could also just contact us for a chat about the report.

The common stair is your only means of escape in the event of a fire.

Have you ever thought what you would do if fire were to break out in your stair? It may not necessarily be in your flat! A fire started in a common stair could kill you and your family. Even a small bag of rubbish can create enough smoke to fill a whole stair. Items left in a common stair are often deliberately set on fire.

Keep it clear
• Get rubbish, old furniture, etc out of the building
• Make sure storage areas are kept locked
• For advice on uplifting items contact your local Council

If fire does start
• Keep doors closed to prevent smoke filling your house
• Dial 999 and ask for the Fire and Rescue Service, giving as much information as you can

For free home fire safety advice CALL 0800 0731 999 or visit our website at www.firescotland.gov.uk

National Fraud Initiative
Midlothian Council is under a duty to protect the public funds it administers, and to this end may use your information for the prevention and detection of fraud. It may also share this information with other bodies responsible for auditing or administering public funds for these purposes. For further information please visit www.midlothian.gov.uk/NFI
