## Survey

Subject: Affordable childcare and need for community space in Bonnyrigg

Can I ask parents to take a moment to fill out our survey. We are trying to gather information on parent's views for the need for affordable childcare. We are also trying to gather information from parents and community on the need for community space.

1. Do you think there is a need and benefit for more affordable out of school care and wrap around nursery care?

2. Would you support our bid to take over Poltonhall Bowling Green Pavilion to turn it into a community hub providing a range of community services including extended early years and childcare services such as nursery, breakfast club, after school club and holiday playschemes ?

3. Any other comments

4. Do you think there is a need for more community spaces in Bonnyrigg  
Yes/No

5. What would you use more community space for?

6. Any other comments

Thank you for taking time to complete this survey.

Kind regards,

Sam Elliot  
Quality Assurance (Services) Manager
