

Private Reading Group Information for borrowers

- This is a free service
- Most book sets consist of 10 copies of a particular title and where possible one CD talking book
- Collections can be borrowed for up to six weeks and renewed for a further period if not requested by another group
- A Library Liaison is chosen by the book group. This should be a member of the library but if they aren't it is very simple and free to join
- The Library Liaison registers the group at their local library
- Collections can be picked up and returned at that library
- The book group membership is only used for borrowing book group collections. It is separate from the Library Liaison's own library membership
- The Library Liaison also registers an e-mail address as part of the book group membership to allow the Library Service to keep the group up to date with new books that can be borrowed
