

Downloading eAudiobooks to your Android Tablet/ Smartphone

Create an eAudiobooks Account

1. Open the eAudiobooks web page:

<http://midlothian.oneclickdigital.eu>

2. Click on the  icon at the top right of the page and select **Register** to create an account.

3. Fill in your details, including your library card number, and choose a username and password.

Install the App

1. Click on the Menu tab  at the top left of the screen and select Home, scroll down the page to select App 3 from the flashing banners at the bottom and choose 'Play Store'

2. You will be taken to the AppStore and should choose OneClickDigital **eAudio** Player App. Select to **Install**.

Note: At this point you may be asked to sign into your Gmail account. If you do not have a Gmail email address you will need to create one to download the App and so should choose to **Sign Up**

3. When the App is installed it may open automatically or you can find it on your desktop and open it there. 

4. You will be asked to select your region, then type in 'midlothian' when prompted for **library name**

5. You will now see a link to **Midlothian Libraries** appear and should select this. You will then be asked to enter the username and password you created previously and tap the downward arrow to progress.

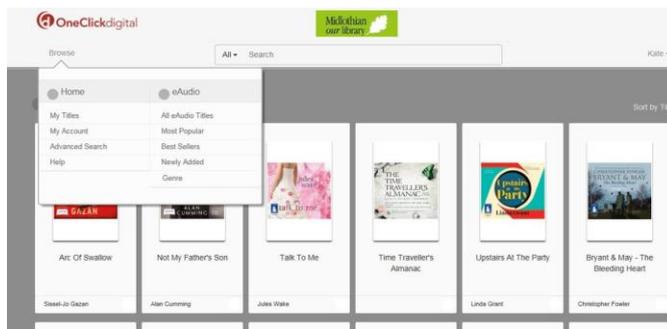

Note: If you forget your username you can use your library membership number instead, you will however still need the password you created.

6. You will now be signed into the reading app and can download titles.

Selecting and Downloading titles

1. To select titles tap on the **Search** button at the bottom of the screen and enter your password if prompted. Now select **Library Site** (at the top left of the screen) and this will take you back to the One Click website.

2. You can search for title, author or by audience level in the main search box, or use the menu  at the top left of the screen to search popular, best sellers and newly added. You can also scroll through the **genre** tab in Browse to select a type of title.

3. When you find a title that you'd like click on the cover. The title will open and you can choose how long you would like to have it out for using the drop down menu - default is 21 days - and then click **Checkout Now** to download the title to the app.

4. Select **My Titles** (at top left) to go back to the app to read.

5. You may see a 'titles loading' message on the screen or you can click on the refresh button at the top left and the title will appear. Click on the play arrow to start listening.

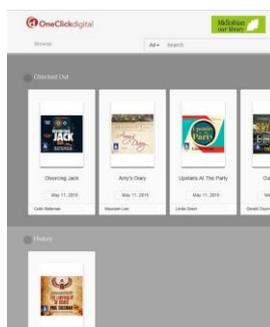

6. When in the book you can return to your titles screen by tapping on the arrow at the top left of the screen.

Loans, renewing and returning

You can see what you have on loan, renew items, or return items early through the My Titles function on the main eAudiobooks web page.

1. Open the App, login if necessary and then select **Search** and **Library Site** to go to the main web page.

2. Tap on the menu button and select **My Titles**. Click on the title you wish to return or renew.

Listening options

Controls for volume, bookmarks, forward and rewind will all appear along with the book when you play it.

Note: It will begin from the place you were at each time you open the title.
